

The **GEAT SDG - 3** routing system is simple to use. By removing the need for template material and template making, you are saving both time and money. With this system, which was developed by professional users for the professional user, you are also making an active contribution to the protection of our environment and its resources.

| Item description   | PO no. |
|--|--------|
| SDG 3 24" by 16" 0150                                    | 0150   |
| Incl. 2 end stops and circular routing units             |        |
| Extensions up to 24" per 4": 0151                        | 0151   |
| (upon simultaneous purchase of SDG 3 24" by 16") 01510   | 01510  |
| Extensions 28" and 32" per 4": 0152                      | 0152   |
| (upon simultaneous purchase of SDG 3 24" by 16") 01520   | 01520  |
| Extensions 36" and 40" per 4": 0153                      | 0153   |
| (upon simultaneous purchase of SDG 3 24" by 16") 01530   | 01530  |
| End stop rotatable 0154                                  | 0154   |
| Circle unit (also for circles without center holes) 0155 | 0155   |
| Sliding block 0156                                       | 0156   |
| Connecting set 0157                                      | 0157   |
| (screw, sliding block, screwed socket)                   |        |
| Cap 0158   | 0158   |
| Cylinder head screw M4 30mm 0159                         | 0159   |
| Drilling body for European belts 0160                    | 0160   |
| Tilt Protector 0161                                      | 0161   |
| Mounting sled (for buide bushing 30mm dia.) for          |        |
| routing 0162   | 0162   |
| of extensive clearance spaces, triangles etc., incl.     |        |
| 2 plates   |        |
| for bevelled fixing and insert element                   |        |
| Special bar clamps for SDG 3 milling systems for         |        |
| inserting 0163   | 0163   |
